

Full Spectrum LED Grow Light

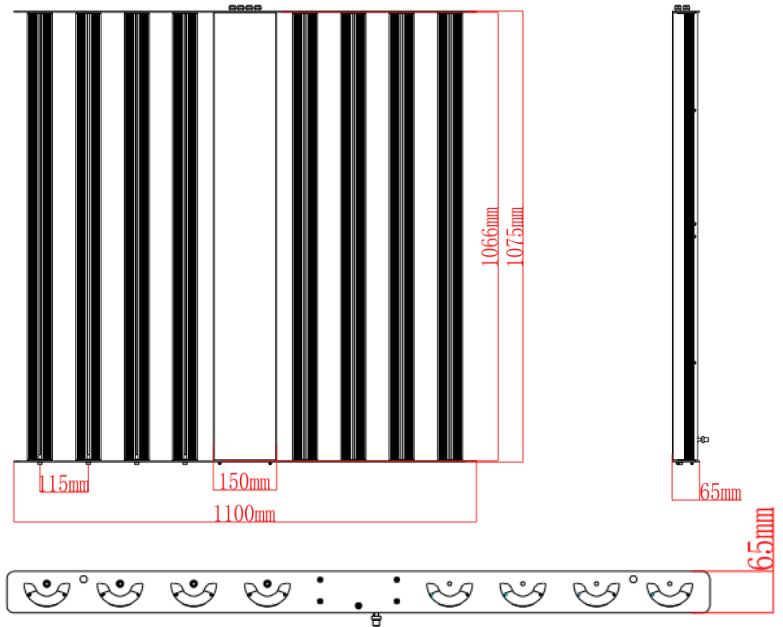

LED light fixture for full-phase cannabis cultivation

Model Number : TA-I800

Features

- ✔ Commercial grade wet location IP65
- ✔ Scientifically optimized spectrum
- ✔ Full cycle cannabis light fixture
- ✔ Low profile design 6.5CM
- ✔ Integrates with existing racking or suspend
- ✔ 0-10V dimming
- ✔ High thermal conductivity
- ✔ High lumen efficiency
- ✔ Adjustable light output
- ✔ High PPFD and light intensity
- ✔ UL Listed Power Supply

Benefits

- ✔ Increase plant yield
- ✔ Faster grow cycles
- ✔ Space efficient
- ✔ Consumes less energy
- ✔ Sealed for wet conditions
- ✔ Ease of cleaning
- ✔ Reduce HVAC costs
- ✔ Reduce maintenance costs
- ✔ Perfect for SOG cultivation

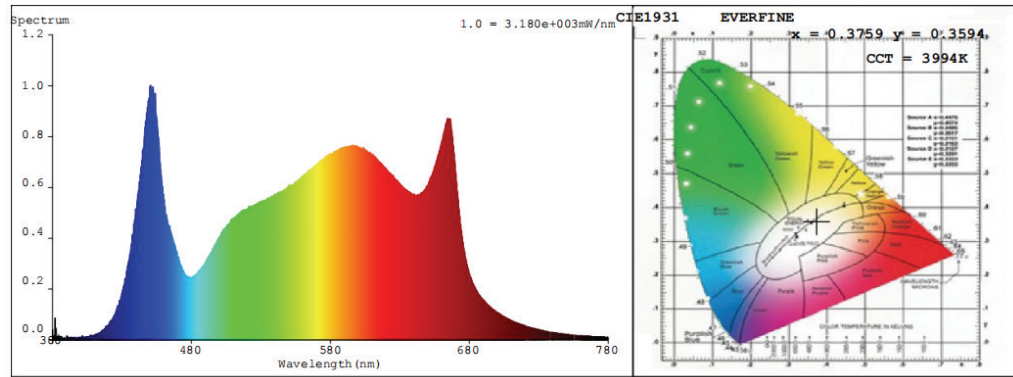

Scientifically proven for superior performance and value

Specifications

- Wattage: 800W ±10%(8PCS Bar Lights)
- Voltage: 100-277VAC
- Full Spectrum: 300-800 NM
- Dimmable: 0-10V
- Timer: Available
- Beam Angle: 120°
- Lumen Lux: 48000 LM
- Life Time: 50,000 hours
- Warranty: 5 years
- Driver: UL Listed
- LED Chips: Osram+Samsung*2592PCS
- PF: 0.97
- IP: IP65
- Cooling: Aluminium
- Product Size: 110*107.5*6.5CM
